A: POLICY

1. It is the policy of the Thunder Bay Catholic District School Board that Board employees, volunteers, and visitors are not permitted to use personal mobile devices (PMDs) for personal or professional use on school property during assigned classes or work assignments, instructional or supervision time without the expressed consent of the Principal (or designate).

In the spirit of creating a positive Catholic climate for all our school communities, and with the aim of improving student achievement, increasing school safety, and protecting individual privacy, the Thunder Bay Catholic District School Board asserts that school Principals, will administer this policy, in fulfillment of their legislative responsibilities under the Education Act and the Provincial Code of Conduct.

B: RATIONALE

2. Existing and emerging mobile and smart technologies present challenges for Catholic educators working to provide all members of our school communities with a safe, Christ-centred learning and working environment consistent with our Mission Statement.

The Thunder Bay Catholic District School Board acknowledges that:

- The dignity of the human person, as promoted by the Catholic Church, may be compromised by the potential for invasion of personal privacy made possible by the inappropriate use of PMDs on school property;
- Unregulated use of PMDs may pose a risk to the individual safety of students, staff, and visitors in our schools and in some cases, may facilitate illegal activities in the school environment or during school- sanctioned activities;
- The promotion of academic excellence and the preservation of academic integrity may be compromised by the unregulated use of PMDs during the instructional day, at assessment and evaluation times, and on formal examination days.

C: DEFINITION

3. A Personal Mobile Device (PMD) refers to any personal electronic device that can be used to communicate or access the Internet, such as a cellphone or tablet.
